

5506C-IR LCD touchscreen monitor

GreenTouch's 5506C-IR LCD touch display is a touch solution designed and developed for automatic information systems, games and entertainment, and light industrial automation control, and makes GreenTouch's touch display product line more complete. The 5506C-IR touch monitor is based on the concept of "designed for touch" and has the proven professionalism and reliability of GreenTouch. The precise frame design makes it easier for customers to install the 5506C-IR on the bracket. This model is designed and constructed by GreenTouch, has a long life cycle and can supply long-term demand. Even if a new generation of LCD panels are replaced in the future, no external changes are required. 5506C-IR can choose a variety of industry-leading GreenTouch touch technology, and provide infrared touch technology.

This model has global regulatory agency certification, and GreenTouch's warranty and after-sales service. The 5506C-IR open LCD touch monitor is a cost-effective touch solution for system integrators and value-added distributors (VARs).

Features

- Optional touch technologies include: GreenTouch IR
- Compact and easy to integrate with mounting from sides or top and bottom; also a VESA mount option
- Worldwide agency approvals
- One year standard warranty
